CHOOSING THE RIGHT SIZE

Measurements refer to body size, not garment dimensions. In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit. If your body measurements result in different sizes, we recommend using your chest measurement for tops.

HOW TO MEASURE YOUR BODY

Chest: Place the measuring tape around the fullest part of your chest. **Waist:** Place the measuring tape at your natural waist, the narrowest point on your torso.

NB: For correct sizing we recommend that you do check your measurements
